Thank-you for your support

Ulverscroft is owned by a registered charity, the Ulverscroft Foundation.

This means that everything we do, from every book we publish to every library that subscribes, is done so to continue the work of the Foundation.

Our recent projects include:

- Working with **Vision Australia** to provide Daisybox players to facilitate access to audiobooks.
- Working with the **Ruharo Eye Centre** on their retinoblastoma project and outreach work in Uganda.
- Working with **Medic to Medic** to train optometrists in Malawi.
